Subject: Review report of the research paper

Title: On the Ambiguous Origin of Time- A crack into Immanuel Kant's Epistemology in the *Critique of Pure Reason*

Manuscript ID: IJAHSS-2050302

Dear Author,

Thanks for your interest in **International Journal of Arts, Humanities & Social Science!**

We Congratulate you on the acceptance of your esteemed manuscript titled ***"On the Ambiguous Origin of Time- A crack into Immanuel Kant's Epistemology in the Critique of Pure Reason"***. It is a pleasure to inform you that the paper was reviewed by two reviewers and got positive opinions from both of them.

As per our review process, the manuscript has gone through an in-depth evaluation regarding subject matter, presentation of ideas and analytical research & citation process. The most important factor was to evaluate the quality and contents of the manuscript according to the standards set forth by the Journal.

Based on their Report, respected Editorial Board has **ACCEPTED** your paper, **Approved** it & **Suggested** publication with few modifications which will be taken care of by our Sub editorial team. As a result, the paper will be published in the following issue (**Issue 09, September, Volume 05, 2024**). The probable publication date is **September 05, 2024** and can be accessed online starting on the date.

Please feel free to write to us in case of any query.

Regards,

Dr. Richard LaPorte

Executive Editor

7. Structure & Endurance		√	74%
8. Adequate Literature Review	√		83%
9. Research Acknowledgement	√		82%

Comments and Suggestions

- The idea & research area is very clear, concise & well presented;
- The overall paper is well structured;
- The introduction is relevant and theory based;
- Sufficient information about the previous study findings is presented for readers to follow the present study rationale and procedures;

Decision: The paper is **PUBLISHABLE** with no significant adjustments.

Comments (Reviewer 2)

- The article is carefully prepared and almost error free;
- The Abstract provides a clear sense of what the article will be about;
- Level of analysis, synthesis, and evaluation in the manuscript is up to the mark;
- The title of the manuscript accurately reflects the content;
- The literature review is accurate, up-to-date, and balanced;
- The introduction or opening section previews what is to come on next;
- Overall content of the article has appeal for the diverse audience of the related subject matter;
- Followed structure of the manuscript matched to the article type;
- The Conclusion gives a sense of revisiting the main ideas briefly.

Decision Regarding the Paper

() No changes required

(*) Accept the paper with the minor changes (*Will be edited by our Sub-editorial team*)

() Resubmit with the major changes

() Reject: Manuscript is flawed or not sufficiently novel
